BY

GEOFFREY CHARLTON ADAMS

NUMISMATIST

NEW YORK CITY, N. Y.

TERMS OF SALE.

Sale will be conducted like any auction sale, the only difference being **that no commission will be charged.** The highest bidder gets the goods; there will be **absolutely no** reserve unless so stated and **no orders will be filled from stock.** In case an unreasonably high bid is received it will be marked back to within 10 per cent of the next highest bidder. We don't say we do this, **we do it** and therein lies your protection. So with this understanding bid as high as you want to go, for you will be **thoroughly** protected. You cannot expect to secure choice coins by bidding fifty per cent lower than you would pay if you purchased them from a dealer. If you desire a priced catalogue of this important sale send 30 cents (stamps) with your bids and one will be sent to you after sale. Express or registry fees to be paid by purchaser; coins sold at so much per piece, unless otherwise stated, and our guarantee as regards genuineness holds good forever; each and every lot has had expert examination. Terms strictly cash. Kindly give reference if bidding for the first time.

As my bidders understand pretty well by this time my ideas of condition of coins and my strict adherence to the standard as stated in the Wilson catalogue, I will only say, that if not satisfied when you receive the coin or coins return them immediately, as others may think different and be glad to have them at your bids.

All bids must be in by **Nov. 24.**
